

RYCA

Choose your kit. we can build a cafe racer, bobber, scrambler, and more.
All the custom parts bolt on with no welding or fabrication required.
Customize your options, add accessories

From
\$3499

Source a Suzuki S40 or Savage. RYCA kits work with all year models
The Suzuki S40 (aka Savage or LS650) is inexpensive and easy to find new or used.
It's classic 650cc single engine features electric start, great fuel economy,
and easy maintenance.

From
\$2000

Get down to bare essentials. 60 lbs of weight is removed (and can be sold).
The simple chassis of an S40 is the perfect starting point for your custom bike.
There's no need to remove the engine, and none of the required frame cuts compromise
structural integrity.

- \$300

Install the kit. We can complete your project

Assembly guides will help you as your project progresses. The transformation is
striking – it takes about a week and no one will believe you started with a Suzuki S40

\$3400

Enjoy your new creation...and be prepared for a few questions.

Sure, it will turn some heads. But it's also a blast on the road. A RYCA is a simple, fun,
and affordable bike that gives you a hands-on experience with the machine you ride.

Priceless
