Dear Andrew,

Behind every sick child with a dream there are many compassionate people dedicated to making that dream become a reality. Because of you a child will experience the hope that a wish can provide.

A wish come true for a child with a life-threatening medical condition provides a special kind of magic. It creates an indomitable spirit within the child to help sustain him or her through extremely difficult times, in hopes that miracles can be achieved.

On behalf of Make-A-Wish® Northern Alberta please accept our sincere thank you for your recent donation of \$818 given in memory of John Lehman.

Please contact me if you have any questions at (780) 444-9474. You can read our latest newsletter by visiting our website at www.makeawishna.ca and please join our mailing list if you would like to receive an electronic copy.

Thank you again for bringing hope, strength, and joy to a sick child. We are honored that you have chosen our charity in tribute of John Lehman.

Sincerely,

Every Week we get letters from the families of children with life-threatening medical conditions, and from the children themselves, writing to express their gratitude. These remarkable letters mean a great deal to us. In fact, they are so moving that we want to share some of them with you. After all, without your help, there wouldn't be letters like these.

MAKE A WISH.

Thank you from the bottom of our hearts for such a magical week! It has been a long year after separated for periods of time never knowing what would happen next. You gave us time as a family to reconnect relax and be together. That meant the world to us.

Your gifts bring hope, strength and joy not only to the wish children themselves, but just as importantly, to their families.
