

2x4

2012 MXU 150

The MXU 150 is geared towards building positive family relationships in a sport and activity that we love. This quad features an air cooled 149cc engine with electric choke, reverse, CVT transmission, front and rear racks, DOT headlights and tail lights, all of which make it the perfect stepping stone for future avid enthusiasts. Complete with electric start and a kick start back up, the list of utility features matches that of its bigger brothers to make this middleweight utility ATV a durable machine that can handle a whole family of riders.
